VISION

JSI WINE RATINGS

91

« A fruity, round and creamy orange wine with notes of peaches, ripe apricots and hints of acacia honey and blood oranges. It's medium-bodied with a refreshing acidity. Fruity-driven and agreeable with a zesty finish ».

WINE WIZARD

Right in line with the rest of the collection, our Orange wine is like a UAP in the small world of macerated whites. The Solera system, a process usually reserved for natural fortified wines, allows us to mix... fresh fruit aromas with the more complex notes of citrus peel, wood, and dried flowers.

The tasting experience is indulgent with subdued and suave tannins. Our Wine Wizard is indeed a super villain, but he's not very scary and, when all's said and done, you can't really help but like the guy. A bit like Loki whose schemes never go according to plan and, for better or for worse, end up helping the real superheroes fight the intergalactic forces of evil.

Warning! Whether you're new to mind-altering sensations or old hat: drink with 3D glasses!
