« The 2021 Châteauneuf Du Pape The White Pope Blanc is a unique wine based on 100% Bourboulenc. White peach, melon, and honeyed flowers all emerge on the nose, and it's medium-bodied and light on its feet, with a clean, vibrant mouthfeel. It's impeccably balanced and about as gulpable as they come (and I don't mean that in a negative sense).

It should keep for a couple of years ».

« Jaune or pâle, reflets argentés. Le cépage Bourboulenc, pur : fruit de la pomme avec une pointe de tabac et d'herbes, des baies blanches en arrière-plan, une délicate touche de noisette. Juteux, léger, douceur subtile, bonne fraîcheur et complexité, un soupçon de fleurs jaunes et de miel de fleurs en arrière-goût ».

« Hints of hazelnut, almond and pencil shavings accent notes of lime zest, underripe peach and tangerine on the nose of the 2021 Châteauneuf du Pape Bourboulenc. It's medium to full-bodied, somehow broad and crisp at the same time, with a silky texture and a long finish ».

## A WORD FROM THE WINEMAKER

In the family of Châteauneuf-du-Pape whites, our Bourboulenc is in a class of its own. **Usually sidelined for its lack of aromatic intensity and high acidity, it is now one of the most promising varieties, all thanks to climate change.**

**Whereas the acidity of Roussanne and Grenache breaks down with ripeness, Bourboulenc maintains an excellent pH while ripening to perfection.** It's this particularity that I wanted to highlight, in order to demonstrate the true excellence of Bourboulenc. A variety of the future capable of giving great wines, showstoppers of finesse, freshness, and balance.

In this vintage, citrus and fresh herbs are all things go. **The attack is frank, direct, like a wave crashing on a rock.** The balance comes in mid-palate, round, delicate, over zests of mandarin and citron.

The tasting is vertical with a chalky and granular finish, surprisingly peppery and menthol-y. Living proof that Bourboulenc is more than worthy of its place in the Pantheon of Bacchus.
