on a high plateau
of Trias red clay
and limestone
lauze.

FERMENTATION

Pressing at dawn,
static settling,
fermentation in
stainless steel tanks.

AGING

100% stainless
steel tanks on
fine lees for 6
months.

White
750ML

Robert Parker
WINE ADVOCATE

90 2021

« Purchased from a biodynamically farmed vineyard, the 2021 Lirac Blanc—a blend of Grenache Blanc, Clairette and Roussanne—was made entirely in stainless steel. Scents of pear, pineapple and tangerine mark the nose, while the medium to full-bodied palate is round and generous yet pulled together on the finish by a bright beam of lime-like acidity, finishing long and refreshing ».

A WORD FROM THE WINEMAKER

Forget everything you thought you knew about Rhône whites... **Our Lirac Blanc is easily the collection's most singular wine.**

Blind tasted, you're swept away to the Loire Valley. The contour of a Chenin Blanc grown in tuffeau stone instantly calls to mind oysters and a tantalizing *plateau de fruits de mer* (seafood platter).

Our Lirac is a wine that reveals itself with elegance and sincerity. There's no pretense or pick-me. It has a nose of dried citrus fruit, wildflowers, and Mirabelle plum.
Its freshness is captivating, and its mouthfeel between suave and excitable with a chalky finish.

A delight!

ROMAIN LEROY
